GASTROENTEROLOGY FACTS

- Routine colonoscopies for individuals +50 is the US standard of care for early detection of colon cancer
- +15 million endoscopic procedures are performed in the US annually
- Roughly 50% of endoscopic procedures are anesthesia-assisted
- Approximately 800-1,000 GI-specific Ambulatory Surgical Centres (“ASCs”)
- Approximately 10.4 million people suffer from hemorrhoids in the US*

*According to the National Institute of Diabetes & Digestive & Kidney Diseases

Our goal is to be the trusted partner for the GI community and the preeminent provider of GI anesthesia in the US.

CRH ORegan System®

Non-Surgical Hemorrhoid Treatment
Fast. Painless. Proven.

CRH Anesthesia

Management

- Single-use, disposable banding system for hemorrhoid treatment
- Paradigm shift for GIs in the US
- Turnkey package includes training protocols, product, and operational + marketing expertise
- Utilized in all lower 48 US states
- Q1 2017 adjusted operating EBITDA margin: 63%
- Trained ~2,490 GIs in ~963 GI private practices (at March 31, 2017)

- Anesthesia services for upper and lower endoscopic procedures performed by GIs in Ambulatory Surgical Centers (“ASCs”)
- First transaction in December 2014; 10 more transactions completed since then for total investment of \$134.6 Million
- Q1 2017 adjusted operating EBITDA margin: 52%
- Servicing 27 ASCs in 7 states and performing ~185,000 procedures annually (at March 31, 2017)

Strong Financial Performance Revenue & Adjusted Operating EBITDA⁽¹⁾

⁽¹⁾Total Operating EBITDA is a non-IFRS measure defined as operating income before interest, taxes, depreciation, and related expenses, amortization, stock-based compensation, acquisition-related expenses, and asset impairment charges. Refer to the end of the Company's Financial Report for the three months ended March 31, 2017, for a reconciliation of reported financial results to non-IFRS measures.

WHY INVEST IN CRH

- ✓ Strong relationships with GI community built through O'Regan System's direct-to-physician model
- ✓ Scalable GI anesthesia national growth strategy. Approximately 800 - 1,000 GI-focused ASCs in the US
- ✓ Leveraging large pool of GI anesthesia acquisition targets
- ✓ Cash flow positive since 2008 and generating approximately \$6M in quarterly cash flow to fund organically-driven acquisition growth
- ✓ Credit facility provides additional financial capacity to invest in anesthesia growth at low interest rate

EXECUTIVE MANAGEMENT

Edward Wright – CEO – Established CRH's direct-to-physician model to introduce the O'Regan system to the GI community. Leveraged CRH's excellent relationships to launch CRH Anesthesia. Over 10 years experience in health care.

Richard Bear – CFO – Has planned and executed all of CRH's financial transactions, including capital private placements debt facilities and all of CRH Anesthesia's transactions.

Jay Kreger, President CRH Anesthesia – Formerly VP of Development for the ASC division of HCA. Extensive experience in business development and operations.
